No 3716 of 14 Dec 2

By orders conveyed in Govt Bro No Camb 228-32 of 26th Nov+ ult Govt Medical Establishments are to be separated from St Martha's Hospital & located elsewhere -

Under para 5 of those Pro:- The old Dispensary Buildings & the Disbursed Lock up are to be adapted for the purpose -

The old Disbursed Lock up is now occupied by the Book Depot, and the Senior Surgeon sends a proposal that the Book Depot should be removed, & the premises

vacated and some
addl buildings at
a cost of betn 6 & 7 hundred
Rupees put up for
cooking purposes

Mr Khabha asks
where the Book Depot should
be removed to & complains
of the inconvenience in
volved in such removal

Mr Khabha & I went
over the premises in
question & also vacant
~~Municipal~~ Civil Surgeon's
office in the Fort -

In my opinion
there is considerable
truth in what Mr Khabha
represents - The old
Opera Dispensary are
occupied by a Hospl
Asst (without authority
for by Mr Arnold (who was
allowed to occupy it as
Med Officer in charge of
Special Asylums which
he no longer is) - & I don't
see why he should not
be required to vacate them
and why these buildings
should not be used for
the purposes mentioned
leaving the Book Depot alone -

The buildings in the Fort with
exception of the Book Depot are
in the East Court of the Residence
in the Arsenal. Reserve Ammunition
is stored in the Arsenal & in a Godown
in the Residency - Hospl Asst is a Coy

Dr Benson offers the Hospital Assistants' house for the Depot. It will not hold even half the bookcases racks & office tables, the rooms are so small that it will be impossible to take stock of the [illegible] that will have to be [illegible]

together There will be no
place for the sale room,
and school furniture will
have to remain in the open
compound.

Dr Benson suggested that
Government might rent
Mr Venkata Vardiengar's
house behind the Lunatic
Asylum for the Depot. Mr
Venkatavaradiengar will
not lease the house under
Rs 100 or for a shorter
period than three years,
and in any case he will
not be able to let the
house before the 1st March

The only way least in-
convenient to all parties
is to pay Mr Arnold some
Compensation and tell him
to vacate the house he
occupies. He has to go in
April. He may as well go
now. His house may be
turned into the hospital, as
the Hospital Assistants'
house would make a good

Dispensary. W Arnold's house was a hospital, & the other house was a dispensary once.

I am sorry you did not see all the rooms of the Depot this morning I am afraid the Bark Depot will be ruined altogether unless it is provided with a convenient building

Yours sincerely

My dear Sir,

At the suggestion of the Offg Dewan I asked Mr Scaldwell to inspect the Depot and the buildings to which it has been proposed to shift the Depot this morning. He has been good enough to take a lot of trouble

about the matter and has fully stated the measurements & conditions of stability, light &c. He has given only the square area in the case of each building, but if I have to cut each rack of the store room which is 13ft high into two the square area required will be doubled as far as the racks are concerned. Mr Scardwill does not consider the Lower Arsenal a safe building. I have now placed all the facts before Government and shall abide by any final order in the matter of shifting the depot. The shifting will not occupy less than eight or ten days. Dr Benson writes to ask when the barracks will be available. His demi-official letter in which he

Proceedings of the Government of His Highness the Maharaja of Mysore, (General),—dated 26th November 1892.

READ :—

Correspondence ending with letter dated 5th November 1892, from the Lady Superior of the Convent of the Good Shepherd, Bangalore, to the Dewan of Mysore, (Dewan's Office Camp Registered No. 80) regarding St. Martha's Hospital.

CAMP No. 228—32, DATED MYSORE, 26TH NOVEMBER 1892.

ORDER THEREON.—By orders contained in Proceedings No. 2886-8, dated 14th August 1887, the Petta Dispensary and Hospital at Bangalore then maintained by Government was amalgamated with St. Martha's Hospital under terms previously agreed upon and recorded in Proceedings No. 8319-22, dated 23rd March 1887. Thereupon the Government Medical Officers attached to the Petta Hospital and Dispensary were transferred to St. Martha's Hospital, and a supply of medicines from the Government Medical Stores up to a limit of Rs. 500 in value per annum was sanctioned for St. Martha's Hospital in addition to the Municipal grant of Rs. 200 and the State grant of Rs. 100 per mensem and a loan of Government instruments.

2. The arrangement however has not been working satisfactorily whether to the Medical Officers of the Government, the Committee appointed for the general administration of the Institution, or to the Lady Superior of the Convent of the Good Shepherd who started it.

3. The demands on the Institution have also been increasing, and as the authorities of the Convent have not been able to meet them, the Senior Surgeon has had to recommend further grants.

4. Under such circumstances, a revision of the existing arrangements is desired on all sides, and the Lady Superior herself asks that Government may dissociate itself from St. Martha's and enable her to maintain the institution on its former footing by continuing the grants which it received before the amalgamation. The Lady Superior proposes also to establish an Eye-Infirmary under a Specialist, and asks for some further help on this score.

5. After careful consideration of the subject, Government resolve to direct the cancellation of the amalgamation and a restoration of the *status quo ante*. The Senior Surgeon will take steps to give effect to this at once. The old Dispensary buildings and the District Lock-up should be adapted, as proposed in the Senior Surgeon's letter No. 1343, dated 3rd October 1888, for in-patients generally and so as to provide Hospital accommodation for Barr, Silahdar and Police, pending the construction of a suitable General Hospital on an approved scale, for which the Chief Engineer will at once prepare the necessary plans and estimates.

6. To obviate public inconvenience which would otherwise ensue by a sudden withdrawal of Government medical aid, Government will continue to St. Martha's the grants which that institution is now receiving, *viz.*, Rs. 300 per mensem, together with an additional grant of Rs. 100 for an Ophthalmic ward under the supervision of a Specialist whom the Lady Superior proposes to engage. This total monthly grant of Rs. 400 will be continued for 2 years certain and till the Government Hospital building is ready. After that, the grant will be reduced to the Municipal grant of Rs. 200 per mensem which St. Martha's was getting before the amalgamation in 1887, and a further Government grant of Rs. 100 per mensem for an Eye-Infirmary under a Specialist. The conditions on which these grants will be continued will be the usual conditions of a grant-in-aid to a Medical Institution and are—

200	Municipal.
100	State.
300	Total.

(1) Medical relief shall be given to all who seek for it without distinction of caste or creed and *throughout the day.*

(2) Periodical statistical and other returns as may be prescribed by the Senior Surgeon, shall be furnished.

(3) The Institution shall be open to periodical inspection of Medical and other Officers of the Mysore Government who may be appointed for the purpose.

(4) The Medical relief afforded shall be efficient, including treatment of diseases of the Eye by a Specialist, admission thereto being on purely non-religious and non-sectarian basis. As the Hospital is intended to receive patients and convalescents of every rank and creed, the customs and prejudices of caste and religion shall be respected, provided that nothing should be done that may give offence to invalids of a different creed.

7. Government understand that these conditions are acceptable to the Lady Superior. The Senior Surgeon will arrange to give effect to these arrangements from the 15th January 1893 or such other date as the Senior Surgeon and the Lady Superior may agree in considering as more convenient.

8. Separate orders will be issued regarding Government buildings on the grounds attached to the Hospital.

Chief Secretary to the Dewan of Mysore.

SIR,

With reference to your Docket No 8177/Lr 225-92 dated the 12th Instant, I have the honour to inform you that I know of no Government building to which I could shortly remove the Book Depôt from the old District Lock-up. When the Senior Surgeon wrote in his letter No 1343 dated 3rd October 1888 referred to in para 5 of Order Camp No 228-32 dated Mysore 26th November 1892, the old District Lock-up was probably vacant. But Government ordered by para 4 of Proceedings No 12, Educational, dated 13th May 1889 that the Government Book Depôt for which there was not sufficient room in the Public Offices should be removed to the District Lock-up. Since that date the Lock-up has been occupied by the Depôt. It was altered last year to suit the requirements of the Depôt. Every room in it is occupied and there is property in it worth more than Rs 73,000 at present belonging to Government. I shall have no objection to vacate the Lock-up if an equally convenient and central building is provided by Government

The Senior Surgeon expected this vacancy in 1892 (vide letter No 3257 dt 15 Oct 92 from the Sept in the agate in the 2nd Dr Brandt regarding disposal of the Government Quarters in the Fort)

for the Book Depôt.

Sir,

With reference to Proceedings of Government Camp R. 228-32 dated, Mysore 26th November 1892, regarding the cancellation of the amalgamation of Saint Marthas Hospital, I have the honor to advise that out-patients and in-patients may be treated at the building at present occupied by the Government Book Depôt.

2. I met Mr V. Arunachella Moodt at the Book Depôt this morning and settled with him what was necessary to adapt them for the above purposes and he promised, with the approval of the Chief Engineer to frame plans and

and Estimates and have the work, which will be of an inexpensive nature probably not exceeding six or seven hundred rupees carried out as soon as possible.

3. In my opinion it will be a better and more economical arrangement to have the whole thing concentrated than to divide it by having an out-patient dispensary at the old Pettah Dispensary building and in-patients at the Depôt.

Sir,

With reference to the Proceedings of Government and order thereon No. 8979-81 / 6734-3-92 dated 21st December 1892 I have the honor to state that the buildings now occupied both by Assistant Surgeon Arnold and the Hospital Assistant have been so altered to meet the requirements of dwelling houses that they are not now adapted for Hospital purposes, and moreover it is in my opinion undesirable to ask the Officers referred to above to vacate the buildings, as their Constant presence and attendance at all hours of day and night is required considering the very large number of inmates who are confined in the institutions under reference.

Under these circumstances I would request that the Education Secretary may be asked to make necessary

Sir,

With reference to the Proceedings of Government and order thereon No. 13235-7 G.P. 225-92 dated 4th instant, I have the honor to request that you will be so good as to have orders issued to have the Store rooms referred to vacated as soon as possible as without them the institution will be sadly cramped in its usefulness very much interfered with and there will be practically no accommodation for persons urgently requiring admission for treatment of serious illness or accidents or persons of unsound mind requiring observation.
